

## LYMM – June 2015

Sunday 28th June saw the second Lymm Festival of Transport where last year we had an excellent turnout from SCARCE.

This year there was never a club more aptly named as there were only two of us there. Fortunately it was not all bad news as Steve Harper won a second in class prize with his immaculate Lancia Delta Integrale.

### Some interesting steam exhibits

Overheard from a couple studying the steam powered milkfloat -

Girl: "Todmorden, isn't that in Yorkshire?"

Lad: "Don't be silly dear, its near Bury"

Girl: "Yes dear"

Some people's grasp of geography has their own slant!

Also from a lad of about nineteen or twenty summers after giving my TR6 a good couple of minutes study turned round to me and says:

"I'm going to have to ask, is it a Ford or a BMW?"

"Its a Triumph"

Exit bemused youth, stage right.
